## **NEWS FOR IMMEDIATE RELEASE**

July 25, 2022

### **Office of Open Government Reports Its Mid-Year Performance Statistics for 2022**

MADISON, Wis. - In an effort to continue operating transparently and ensure accountability, the Office of Open Government today reported its mid-year performance statistics for January through June 2022.

#### **Completed Activities**

- Responded to **450** public records requests (approximately 75 per month);
- Released public records reports, video, and audio files related to **1** officer-involved critical incident;
- Responded to **123** inquiries on its Public Records/Open Meetings Help Line (PROM);
- Issued **28** letters providing guidance concerning open government; and
- Provided training and participated in educational presentations to governmental agencies on open government matters.

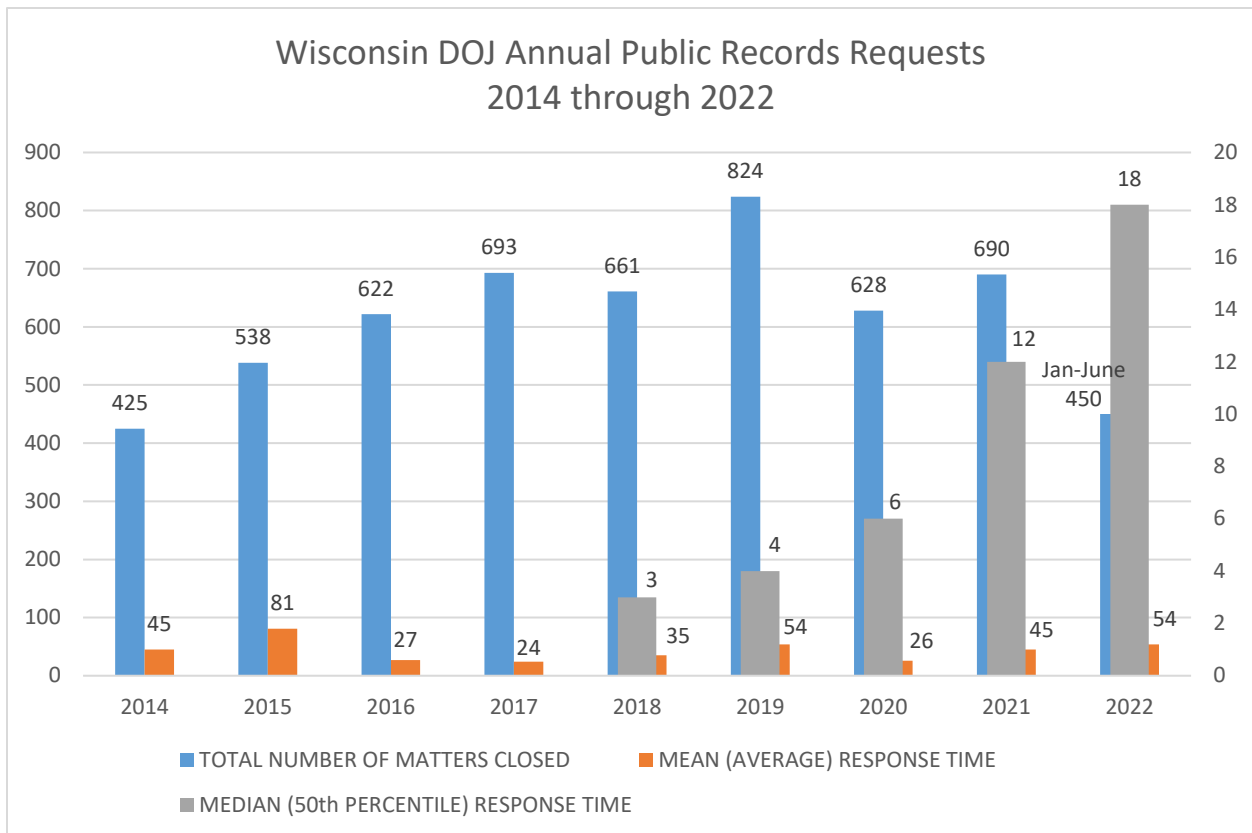

#### **Response Times for Public Records Requests**

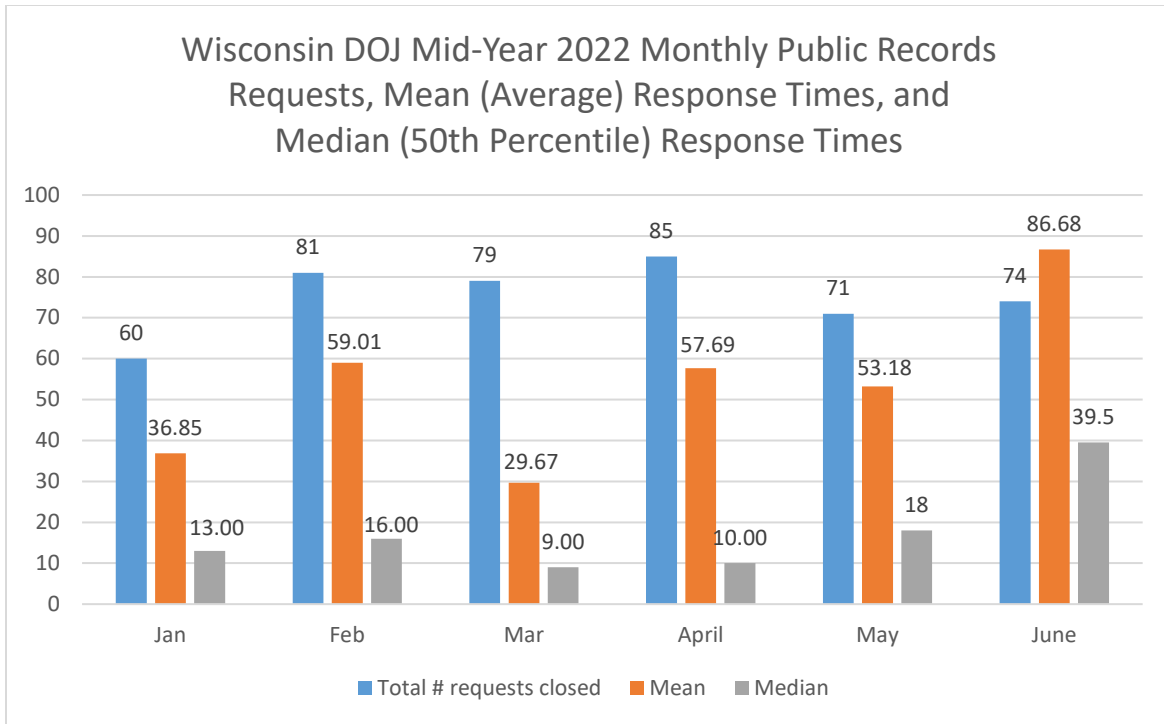

According to the Wisconsin Public Records Law Compliance Guide, “DOJ policy is that 10 working days is generally a reasonable time for responding to a simple [public records] request for a limited number of easily identifiable records.”

Despite staff vacancies during the first half of the year, the office continues to maintain a large percentage of responses fulfilled within this 10-working-day guideline while at the same time responding to a high volume of requests. During the first six months of 2022, the office:

- Responded to approximately **49%** of public records requests within the 10-working-day guideline.
- Responded to approximately **33%** of all requests in 3 calendar days or less and responded to approximately **37%** of all requests in 7 calendar days or less.
- Mean (average) response time for all responses was **54 calendar days**, which includes those that were broader in scope or required time-intensive review.
- Median (50<sup>th</sup> percentile) response time for all responses was **18 calendar days**, meaning that the office responded to 50% of all requests in 18 days or less.

As seen in the two charts (below and next page), the office responded to **450** public records requests in the first six months of 2022, a large number of which were complex and required time-intensive review. This number is over **65%** of the total number of requests to which the office responded for the entirety of 2021. The office continues to respond to a high volume of requests.

## Continuing Efforts

The office will continue to increase the public’s access to public records by posting the following information on its [website](#):

- A snapshot of public records requests pending on Monday of each week;
- The average and median monthly response times for public records requests;
- Responses to citizen correspondence, posted quarterly;
- Specific responses to public records requests that may be of particular public interest or may be the subject of multiple requests for the same records;
- Records related to Officer-Involved Critical Incidents;
- “Ask the OOG” columns for frequently asked questions (FAQ’s); and
- Other open government information and resources.

The office reports directly to the Office of Attorney General. The office is headed by Assistant Attorney General Paul Ferguson, and is supported by one Records Forms Management Specialist-Advanced, one Records Forms Management Specialist, one Records Associate Program Associate-Advanced, one Records Program Associate-Advanced LTE, and several other attorneys and DCI employees within DOJ who regularly interact with the office.

For more information, visit the office’s [website](#) or contact the office at 608-267-2220.
