Treatment Alternatives and Diversion (TAD)

Funding Announcement Description

A total of \$10,688,900 is available to support Treatment Alternatives and Diversion (TAD) projects for calendar year 2027, which will be the first year of a new five-year funding cycle. Funded projects range from pre- and post-charge diversion at the initial prosecutorial decision-making stage to treatment courts, including alternatives to revocation, based on local needs and project design factors.

Statutory program requirements are outlined in [Wis. Stat. §165.95](#), which authorizes grant awards to counties and tribes. As directed in the statute, funded programs may include those that deliver treatment and diversion alternatives to jail and prison for non-violent offenders with assessed needs related to drug and alcohol abuse. These TAD funds are administered by the Wisconsin Department of Justice (DOJ), in collaboration with the Department of Corrections and the Department of Health Services. In addition to the statutory requirements, additional program requirements are detailed in this grant announcement.

Opportunity Category: Defined Eligibility

Important Dates

Application Due Date: October 26, 2026

Project Start Date: January 1, 2027

Project End Date: December 31, 2027

Anticipated Funding Amount

A total of \$10,688,900 is available to support new and existing Treatment Alternatives and Diversion Projects for calendar year 2027.

Eligibility

Only counties and federally recognized tribes that completed the 2027 TAD Pre-Application are eligible to apply through this solicitation. See [Appendix A](#) for the list of eligible applicants.

Match/Cost Sharing Requirement

A 25% cash match is required for all programs funded under this program area. Match is calculated by taking the State amount divided by .75 multiplying by .25 and then rounding up to the nearest whole dollar. For the purpose of this funding announcement, the source

Treatment Alternatives and Diversion (TAD)

*Bureau of Justice Programs
State of Wisconsin Department of Justice*

of the cash match must be local funds and may be in the form of direct contributions of county/tribal employees' time, benefits, facilities, or supplies and services that have a direct financial impact on the program and its operations and management (Please see [Appendix A](#) on the back of this announcement for a list of required match amounts for counties and tribes.

Note: The match amount in the budget needs to EQUAL the required match amount. Please do NOT include a match amount exceeding the required match.

Other Notes on Match:

For purposes of this solicitation, the following definitions apply:

- Cash match (hard) includes local funds (cash) spent by the county/tribe for program-related costs.

Based on the TAD statute and the definitions above, the **local match needs to be cash match**. It is important to note, however, that salaries and fringe can be included as cash match, as long as they are local funds (not federal or state funds) being used toward the program and they are also not being used as match toward another grant. For example, if you are funding 50 percent of a program coordinator with TAD and 50 percent with local funds, the 50 percent funded by your jurisdiction could be used as match as long as 100% of the coordinator's time is devoted to the funded program. You could also use items such as rent, equipment, etc. that the county has funded toward the program as cash match. Documentation supporting local match must be maintained in the award recipient files.

Eligible Expenses:

Funding may be used for Personnel, Employee Benefits, Travel/Training, Supplies & Operating Expenses, Consultants/Contractual, or Indirect expenditures as provided in the [2025 TAD Budget Policies](#).

While applicants may see additional budget categories in WebGrants, the only eligible budget categories are listed in this grant announcement.

Treatment Alternatives and Diversion (TAD)

*Bureau of Justice Programs
State of Wisconsin Department of Justice*

Treatment Alternatives and Diversion (TAD) The Wisconsin Department of Justice (WI DOJ) through its Bureau of Justice Programs (BJP) provides financial and technical assistance to public safety and criminal justice agencies throughout the state. As the state administering agency (SAA) for state and federal juvenile and criminal justice programs WI DOJ is responsible for establishing funding priorities, developing application criteria, awarding and disseminating grants, and assessing project achievements. This grant announcement provides information about a specific grant opportunity and instructions to help those eligible apply for a share of the available funds.

Program Description and Background

Through this grant announcement, DOJ is seeking applications from only counties and federally recognized tribes that completed the 2027 TAD Pre-Application. See [Appendix A](#) for the list of eligible applicants. These programs must also be designed to meet the requirements of the statutorily created Treatment Alternatives and Diversion (TAD) and Drug Court program. The TAD program was established in 2005 Wisconsin Act 25 to support county efforts that provide treatment and diversion programs for non-violent adult offenders for whom substance abuse was a contributing factor in their criminal activity. The program has continued to be funded and expanded through multiple legislative actions, and continues through the 2025-2027 Wisconsin biennial budget, 2025 Wisconsin Act 15, resulting in a funding level of \$ 10,688,900 for calendar year 2027.

A total of \$10,688,900 is available under this announcement to fund eligible projects. Funded projects include a broad spectrum of activities ranging from diversion at the initial prosecutorial decision-making stage to drug courts, which include alternatives to revocation, based on local needs and project design factors.

All program requirements originally addressed in 2005 Wisconsin Act 25 are continued and included in Wisconsin Statutes under Wis. Stat. § 165.95 for TAD programs and Wis. Stat. §. 165.955 for those projects funded specifically as Drug Courts. Please follow the link provided for the TAD [statutory language](#). **Provisions of Wis. Stat. §165.95 must be addressed in all grant applications.**

Application Components

General Information

This section asks for your project title, Project Director, Organization, and Additional Contacts.

Personnel

Please note: When identifying individuals involved in this grant, each individual responsible in this grant must be a different person.

- The **Signatory** is the highest elected official in municipality/government entity/organization. (For example, in a city it is the mayor, for counties it is the county executive or county board chair, and for non-profit agencies it is the executive director.)
- The **Financial Officer** is the individual at the applicant agency who is responsible for financial activities in your organization.
- The **Project Director** is an individual at the applicant agency who will oversee project operations.
- An **Alternate Contact** may be added to the application. This person is one that can and should access the application to complete required tasks such as modifications and reports, in the absence of the Project Director. This person should have knowledge of the project and authority to speak on behalf of the organization in the absence of the Project Director. If possible, we encourage the Project Director to list an alternate on the grant.

Project Summary

Enter the project start date and project end date. In the Brief Project Description text box, please describe your project in 150 words or less. A suggested format is included for your convenience:

“Funds will be used by the (your agency name and others involved in the project) to (describe what grant funds will be used for and who will be involved). The (what – equipment, training, project, pilot, etc.) will (describe the specific goals you hope to achieve – how will the project or equipment improve safety in Wisconsin?) [If appropriate, add which area(s) of the state will benefit.]”

State of Wisconsin Department of Justice*

Responses to this section will be used on the WI DOJ website, cited in WI DOJ reports, and could be mentioned in press releases. Plain language that clearly describes the intent of the project is most effective.

- **Project Design**

Please complete a Project Design Table for each program receiving funding. The table should describe the proposed or current operations of your program, with each row fully explaining the corresponding program element. Once completed, attach the Project Design Table(s) in the “Attachments” section. The file title for each table should include the program type as part of the naming convention.

- **Implementation Plan** – NEW Programs only

Describe the month-by-month planning activities that will occur during program development. Include specific tasks, milestones, or decisions planned for each month, and provide a projected date when the program will begin full implementation. official; county or tribal representative; county/tribal social services representative; DOC probation officer; and representatives of local substance abuse treatment providers and private social services agencies.

Goals and Objectives

Each TAD-funded program operating in 2027 must reflect the statutory goals through well-defined, measurable program goals and SMART objectives. Please provide objectives, activities, and measures of impact/outcome for each TAD-funded program you propose to implement during calendar year 2027.

The two primary goals established under the Treatment Alternatives and Diversion (TAD) statute are:

1. Reduce recidivism rates for nonviolent offenders enrolled in the program and increase public safety.
2. Reduce prison and jail populations by diverting nonviolent offenders to community-based interventions.

Grantees may add additional program goals if desired; however, all goals must follow SMART principles and should be grounded in established performance measures and benchmarks. The following resources should be used as guidance:

1. [All Rise Best Practice Standards](#)
2. [Wisconsin Statewide Drug and Hybrid Court Performance Measures](#)
3. [Wisconsin Statewide Drug and Hybrid Court Performance Measures – Mental Health Track Supplement](#)
4. [Wisconsin Statewide OWI Treatment Court Performance Measures](#)
5. [Wisconsin Statewide Veterans Treatment Court Performance Measures](#)
6. [Wisconsin Statewide Pre-Charge and Post-Charge Diversion Program Outcome and Performance Measures](#)

Budget

Complete a project budget using the following categories. For each category used, enter a computation in each budget line and a justification that describes how the items in that category will be used during the course of the grant period. If no budget will be entered for a particular category, enter N/A in the justification field. **It is important that you include specific details in the justification field for each budget line.**

Personnel:

Provide salary information for non-contractual employees that will be funded through this grant, including overtime. List each position by title and name of employee, if available. Show the annual salary rate and the percentage of time/number of hours to be devoted to the project. Compensation paid for employees engaged in grant activities must be

Treatment Alternatives and Diversion (TAD)

Bureau of Justice Programs
State of Wisconsin Department of Justice

consistent with that paid for similar work within the applicant organization. Only personnel costs of the agency applying for the grant funds should be included under “personnel.”

Example for computation line:

- $\$25/\text{hr.} \times 2080 \text{ hr.} = \$52,000$. When entering this into the amount text box please round up to the nearest dollar.

Employee Benefits:

Employee benefits for grant-funded personnel include FICA, Unemployment Compensation, Health Insurance, etc. and amounts budgeted should be based on actual known costs or an established formula. Employee benefits are for the personnel listed in the budget and only for the percentage of time/number of hours devoted to the project. Employee benefits on overtime hours are limited to FICA, Workers’ Compensation, and Unemployment Compensation.

Example for computation line:

- $\$52,000 \text{ 1.0 FTE salary} \times 43\% \text{ fringe rate} = \$22,360$. When entering this into the amount text box please round up to the nearest dollar.

Travel/Training:

Guidelines for travel and/or training costs for an individual with the funded project. Only actual expenses will be reimbursed. All reimbursements will be at current state rates that are subject to change. Costs for staff travel, conferences, professional development, or required training.

NOTE: Because TAD funding was not increased for 2027, training funds are limited. In 2027, TAD funds can be used to support five team members per treatment court and two team members per diversion program to attend a state conference. Programs are encouraged to support attendance at a range of conferences and to ensure that conference attendees disseminate relevant information and insights to the broader team during regular meetings. Examples of conferences include:

- WATCP State Conference
- WATCP Coordinator Conference
- Opioids, Stimulants, and Trauma Summit
- Mental Health & Substance Use Recovery Conference
- National Rural Institute on Alcohol, Drugs, and Addictions

Current rates for **in-state travel** at the time of this announcement include:

- Mileage: \$0.51/mile

Treatment Alternatives and Diversion (TAD)

Bureau of Justice Programs
State of Wisconsin Department of Justice

- Lodging: Maximum \$101/night (\$106/night for Milwaukee, Waukesha or Racine County)
- Meals: \$11/breakfast (leaving at or before 6 a.m.); \$13/lunch (leaving at or before 10:30 a.m. and returning at or after 2:30 p.m.); \$24/dinner (returning at or after 7 p.m.).

Example for computation line: (Note: each travel item should be listed as separate budget line items):

- Mileage: 75 miles x \$0.51 state rate = \$38.25. When entering this into the amount text box please round up to the nearest dollar.
- Lodging: \$101/night x 4 nights x 2 people

Please note:

- Costs will only be reimbursed after submission of an event agenda. Travel and training for contracted employee/contractual services does not go in this section. These expenses should be itemized under "Contractual".

The following are guidelines for Lodging & Transportation

- AirBnb, Vrbo's and the like are prohibited.
- Lodging 50 Mile Rule: You must travel 50 miles or more from your home or headquarter city whichever is shorter to qualify for lodging.
- Reasonable charges for ridesharing services (e.g., Uber, Lyft) are reimbursable including tips at a maximum rate of 15%. Uber and Lyft costs are allowable similar to taxi's, shuttles, buses and trains.
- Paying for food from US Department of Justice funds is no longer allowed or strict limitations apply. Please consult your grant manager prior to submitting an application for clarification and for prior approval if the application includes food other than for travel purposes.

Supplies and Operating Expenses:

Supplies includes consumables such as paper, postage, software, computer/laptop, monitor, accessories, license and subscriptions. Operating expenses include items such as rent and utilities. All supply and operating expenses have an acquisition cost of less than \$10,000 per unit.

Example for computation line:

- Rent \$150/mo. x 12 months = \$1,800. When entering this into the amount text box please round up to the nearest dollar.

Treatment Alternatives and Diversion (TAD)

*Bureau of Justice Programs
State of Wisconsin Department of Justice*

Please note:

- Costs will only be reimbursed for services occurring within the project period. If the total cost goes beyond the project end date or starts prior to the start date (ex: annual subscription costs), those costs will need to be prorated.

Consultants/Contractual:

Provide costs associated with individuals or entities providing services through a contractual arrangement. With the exception of a few justified sole source situations, contracts should be awarded via competitive processes. Attach detailed information to support the total cost of each contract. For each consultant enter the name, if known; service to be provided; hourly or daily fee (8-hour day); and estimated time on the project. Consultant fees in excess of \$650 per 8-hour day or \$81.25 per hour require federal approval and will require additional justification. List all expenses to be paid from the grant to the individual consultant in addition to their fees (e.g., travel, lodging, meals, etc.). Provide a detailed computation showing how the requested budget amount was determined. Within 30 days of grant award date, a signed contract must be received by WI DOJ. No fund reimbursements will be made prior to receipt of the contract.

Indirect:

Includes the indirect costs of an organization that are not readily assignable to a particular project but are necessary to the operation of the organization and the performance of the project. The cost of operating and maintaining facilities, depreciation, and administrative salaries are examples of the types of costs that are usually treated as indirect. If indirect is allowed, recipients that have a federally approved indirect rate must provide documentation of that rate approval. Otherwise, recipients that have never had an approved federal indirect cost rate may charge a de minimis rate of 15% of modified total direct costs.

**Treatment Alternatives
and Diversion (TAD)**
*Bureau of Justice Programs
State of Wisconsin Department of Justice*

Standard Special Conditions

1. Grant recipients are advised that WI DOJ will monitor grants to ensure that funds are expended for appropriate purposes and that recipients are complying with state and federal requirements as described in the grant award contract. This includes timely completion of status reports and financial claims reports, active efforts to achieve and measure stated goals and objectives, appropriate documentation of activities and outcomes, on-going submission of participant data, and adherence to any conditions included in the grant award.
2. All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.
3. The WI DOJ reserves the right to withhold grant payments if the grant recipient is delinquent paying any obligation to WI DOJ such as background check fees, etc. Refusal to provide information requested by WI DOJ may impact the payment of current or approval of future grant funds.
4. Please be advised that a hold may also be placed on any current or future application or grant payment if it is deemed that an agency is not in good standing on any WI DOJ grants or other reporting requirements, has other grants compliance issues (including being out of compliance with special conditions) that would make the applicant agency ineligible to receive future WI DOJ funding, failure to make progress in obtaining project goals and objectives, and/or is not cooperating with an ongoing WI DOJ grant review or audit.
5. A hold may also be placed on any application or grant payment if it is deemed that an agency is not in compliance with federal civil rights laws and/or is not cooperating with an ongoing federal civil rights investigation.
6. Program Income: To maintain consistent practices with other similar programs, and as a proven practice, projects funded under this announcement are subject to program income guidelines detailed in the federal Office of Justice Programs Financial Guide. Grant award funds received are **not** program income. Program income is income earned by the recipient, during the funding period, as a direct result of the award. Any fees charged to the participants of your project are considered program income. The amount earned as program income during the length of the grant period must be expended by the end of the grant period and must be used for the purposes and under the condition applicable to the award.

If the grant award budget contains wages, the grantee's records must be maintained in a form that, at any given time, an auditor or WI DOJ representative would be able to identify the use of Federal and Matching funds. These records should include information such as employee name, rate of pay, hours worked, and amount of time dedicated to the grant project.
9. Award funds will be used to supplement, not supplant, planned or allocated funds.
10. To be allowable under a grant program, all funds (state, federal, and cash match) must be obligated (purchase order issued) or paid for services provided during the grant period. If obligated by the end of the grant period, payment must be made within 30 days of the grant period ending date.
11. All budget changes require prior approval from WI DOJ and must be requested in a grant modification via WebGrants.
12. Subgrantees acknowledge that failure to submit an acceptable Equal Employment Opportunity Plan (if required to submit one pursuant to 28 CFR 42.302) that is approved by the Federal Office of Civil Rights, is a violation of its Certified Assurances and may result in the suspension of the grant.
13. Grant funds will be paid to the grantee on a reimbursement basis. Expenses must be incurred and paid for by the agency/organization within the reporting period.
14. Any changes in personnel involved with the grant including the Project Director, Financial Officer, and/or Signatory must be reported to WI DOJ in a grant modification via WebGrants.

The recipient agrees to provide to WI DOJ all documentation necessary for WI DOJ to complete the monitoring tasks, including documentation related to any subawards made under this award. Further, the recipient agrees to abide by reasonable deadlines set out by WI DOJ for providing the requested documents. Failure to cooperate with WI DOJ monitoring activities may result in actions that affect the recipient's WI DOJ awards, including, but not limited to: withholding and/or other restrictions on the recipient's access to award funds, referral to the WI DOJ designation of High-Risk grantees, or termination of an award(s).

Grantees must participate in scheduled events, allow a programmatic or financial site visit, and accept technical assistance from WI DOJ.
12. The inability of a participant to pay program fees outside of treatment costs should not preclude a person from participating in the program funded under this announcement. Similarly, inability to pay should not be the only barrier to a participant's phase advancement or graduation from the program.
13. Each individual program being funded, in whole or in part, by TAD funds shall be reported on separately in any documentation as requested by WI DOJ. Distinctions between programs should be clearly indicated in all documentation and separate documents for each program may be required.
